Corporate Social Responsibility

"Nourishing Responsible and Sustainable Tourism"

Dear Educationalist

Thank you for making us one of India's leading Educational tour provider. Since our beginning in 1979, we have been growing steadily and in the process introducing new and exciting programs for you.

We have extended our expertise of over three decades in running educational tours by creating tailor made excursions for schools, universities and institutions who are interested in educational trips within India and abroad.

Our trips focus on developing leadership and teamwork skills, building self-confidence and facilitating young people to re-evaluate some of their beliefs, attitudes and assumptions, particularly around different cultures and their own priorities in life.

Our educational tour itineraries go beyond just seeing the sights. Through professionally guided tours and insight into each destination we invite you and your students to become actively engaged in the local culture.

Our aim is to inspire students to develop new skills and friendships, to increase their understanding of international issues and other cultures and to unite them as part of our global community who can work together and rise to the challenges of the world we live in.

With humility and gratitude,
Capt Swadesh Kumar
Managing Director

Corporate Social Responsibility

“Nourishing Responsible and Sustainable Tourism”

Shikhar Travels India has always been aware of its Corporate Social Responsibility. For years, Shikhar has been working for the benefit of the people and communities of areas/localities where we do our business. Shikhar Group of Companies firmly believes that it is our responsibility to enhance the community where we work. For this we launched Shikhar Eco Foundation in 2010.

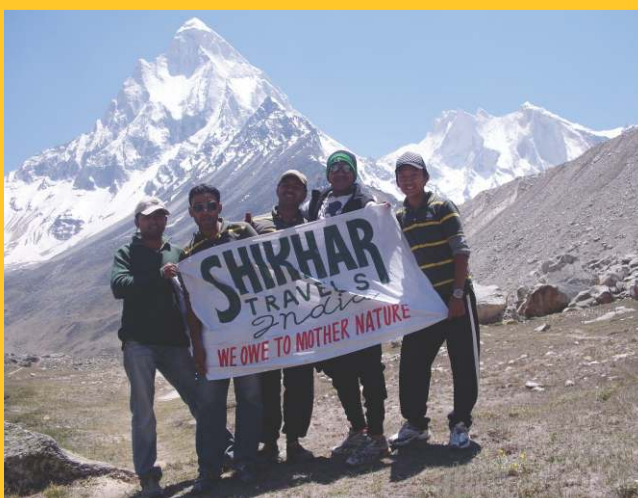

During our Educational Tours we ensure that we guide the participants about the importance of ecological sustainability and encourage them to adopt eco-friendly practises. We also encourage practical involvement of the participants in various eco-friendly ways like organising cleaning drives and encouraging recycling, usage of natural resources.
